

Sector: Leisure
Area: 500sqm +
System: Flowcrete Flowfast Terrosso MMA
Colour: Signal Grey 712

Quickset resin flooring Ltd has a wealth of experience installing Methyl Methacrylate based resin floors (MMA). For areas that require fast track refurbishment or installation, MMA based resin systems are the number one solution.

We were subcontracted to deliver the Flowcrete Flowfast Terrosso MMA system to over 500sqm of public space to the National Ice Centre in Nottingham. This solution provided a seamless, decorative, hard-wearing acrylic resin flooring solution. This system provides durability while providing an aesthetically pleasing solution for public space. With the ultra-fast 2 hour curing time, we completed this project with minimal downtime and disruption.

Other Standard Colours available in this system:

This system is designed:

For projects where last turn around is a must. The flake system provides a smooth, seamless, durable and aesthetically pleasing finish available in a range of standard and bespoke flake finishes.
